ALLSTAR TACTICAL TO OPEN SECOND RETAIL LOCATION

ALLSTAR TACTICAL LLC. (ROCHESTER, NY), with its flagship store and manufacturing facility at 2285 Ridgeway Ave in Greece, is pleased to announce that it will open a second location at 92 W Main St, in the town of Macedon.

The new retail store, *Bunker East*, will carry handguns, shotguns, hunting rifles, modern sporting rifles, and supporting accessories. The facility will also offer complete firearm customization to suit all customers. Allstar Tactical has also teamed up with BSH Gun Works, owned by local law enforcement officer, Jose Rodriguez, to offer custom cerakote finishing and holsters at their first retail location inside of *Bunker East*.

In addition to its staff of nine employed at the Greece location, Allstar Tactical plans to expand its workforce by 50% within 6 months of opening the new location. Our current team consists of military veterans, law enforcement, first responders, and engineers.

"We've seen strong growth and success at our Ridgeway location despite the difficult climate for firearms businesses in New York State. I believe our customers are drawn to our team because of our extensive knowledge, friendly service, and competitive pricing." - Mike Centola, CEO, Allstar Tactical

Allstar Tactical plans to open *Bunker East* this fall.
