

# ALLSTAR TACTICAL

## 50M ZERO @ 25M TARGET

**INSTRUCTIONS:** USING A SEATED OR PRONE POSITION, AT A DISTANCE OF 25M, FIRE THREE SHOTS WHILE AIMING DIRECTLY AT THE BRIGHT RED CENTER TARGET. YOUR DESIRED POINT OF IMPACT IS IN THE SMALLER LOWER WHITE CIRCLE WITH RED OUTLINE. CONTINUE TO FIRE GROUPS OF THREE, MAKING NECESSARY ADJUSTMENTS IN BETWEEN. REMEMBER TO UNLOAD YOUR FIREARM WHEN MAKING ADJUSTMENTS.

**TIPS:** ENSURE ALL SIGHTS/OPTICS ARE MOUNTED SECURELY. CONSULT YOUR BUIS/OPTICS MANUAL FOR EXACT ADJUSTMENT SPECS, AND ADJUST ACCORDINGLY. THIS ZEROING CAN ALSO BE DONE AT 50M, USING POINT OF AIM AS POINT OF IMPACT. REMEMBER THAT SIGHT RADIUS AND SIGHT OVER BORE CAN DRASTIC EFFECTS ON ZEROING.
